Reminders

● If you need to change your child’s transportation the day of, please call by 2:00 pm.

● Attendance matters! The tardy bell rings at 7:55 am.

● Please make sure all jackets and accessories that your child brings to school have your child’s name on it.

● Please send a water bottle and mask EVERY day!

● Don’t forget to follow us on Facebook! We post school happenings often.

From Your Nurse

We are still in the midst of Flu Season, and we want to keep our students healthy. Please remind your children to be vigilant about social distancing, wearing masks (covering nose and mouth), frequent hand-washing, and using hand sanitizer regularly. Remember: Healthy children learn better!

Stewart Buzztronz

The Robotics Club of Estella Stewart Elementary School was in full swing for the fall semester, and plans to continue in the Spring Semester. The Robotics Club meets on Thursdays from 3:30pm -5:00pm. The number of students was limited to 16 this year due to COVID-19. Each week the students engage in activities that incorporate science, mathematics, engineering, robotics, and problem solving. The weekly meetings begin with some kinds of investigation or experiment. The students have learned a great deal about simple machines by building models of the different simple machines. The building projects the students have completed, and will complete, incorporate the various simple machines in their design. This enables the students to have a deeper understanding of the working of each simple machine. This semester the students will continue to have fun with hands-on learning experiences.

Library/Learning Center News

Our school has a subscription to Tumblebooks. Tumblebooks is a database of children's ebooks. Tumblebooks has over 1,100 titles for grades K–6.

Students may access TumbleBooks through their Clever account. The first time they enter the site, it may ask for a username and password. Username: huntsvilleisd
Password: books
