Car Rider Line

Fall is officially here and our weather is starting to change. This change in weather makes it more important than ever to follow our car rider procedures to keep our line moving both in the morning and afternoon. Make sure your student’s backpacks, lunch kits, coats and face masks are ready before it is time for your child to exit the vehicle in the mornings.

In the afternoon make sure your sign is posted and visible for staff members so we can prepare the students in the correct location for you to pick them up and minimize the amount of time students are outside waiting.

Reminders

- Attendance matters! The tardy bell rings at 7:55 am.
- The weather has changed! Please make sure your child has a warm change of clothing in their backpack.
- Put your child’s name inside their jacket, hat, and gloves.
- Don’t forget to “like” us on Facebook! We post school happenings often!
- If you need to change your child’s transportation the day of, please call by 2:00 pm.

Face Masks

Stewart is so proud of how our families have made following our new health and safety guidelines a top priority. We have been able to help protect our students through the implementation of these new guidelines.

With the cold and flu season approaching it is critical that we remain diligent in sending our students to school with a face mask each and every day. If your student arrives at school without a mask please be prepared for a phone call to bring one to your student or to come and pick them up for the day until your child has a facemask.

Kelso’s Choice

Students have been learning about Kelso’s choice from our counselor, Mrs. McNeel. Kelso’s choice teaches how to solve “small” problems on their own. “Small” problems include conflicts that cause “small” feelings of annoyance, embarrassment, boredom, etc. “Big problems” always need to be taken to an adult. These are situation that are scary, dangerous, illegal, etc.
